LEO CONSTRUCTION

Ambition - Creativity - Excellence

Leo Construction is a breakthrough of **Ambitious** entrepreneurs with vast experience in the construction sector. With **Creative** expertise ranging from Civil Engineers and Construction Management through to Architectural and Interior Designers, Leo strives to hold its own and contribute its fair share in quenching the otherwise demanding thirst of the construction industry in Ethiopia with **Excellent** quality of work.

We are committed to achieving the highest attainable standards of construction in the nation as is reflected in the projects we undertake. Our core values can be encapsulated in the quality of our products from inception to completion.

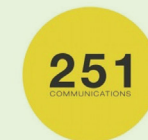

“Quality
is never
an accident.
It is always
the result of
intelligent
effort.” John Ruskin
